**Please comment on your overall educational experiences at Texas A&M and the Department of Agricultural Economics - please include areas you feel were important and those that might be improved.**

Love this university! Agec 424 was an excellent course for seeing everything i had learned up to that point applied to a real life scenario..

Overall, it was great!

I though it was a grounded, well rounded experience.

I really enjoyed the department and loved how it was a group of people who really cared about the student and wanted them to succeed.

Great department, convinced my sister to go into it
