Position Announcement

Position Title: Assistant Professor and Extension Economist - Community Economics and Business Development

Appointment: 100% Extension (Texas A&M AgriLife Extension Service) appointment in the Department of Agricultural Economics. This is a full time, non-tenure track position.

General Duties and Responsibilities: Responsibilities involve statewide leadership and coordination for Extension education programs and applied research in Community Economics and Business Development by providing technical expertise and educational program development for audiences such as entrepreneurs/businesses and current and future community leaders and planners, taxing authorities, regional and state leaders, health systems, other agencies, and clientele including trade associations, media, and federal and state employees working with Texas communities and businesses. Responsibilities require individual and team efforts to plan, develop, implement and evaluate curricula, extension education programs, and applied research related to economic development issues facing communities, businesses and other industry clientele. Educational program delivery will include Extension and peer reviewed publications, workshops, conferences, electronic and mass media releases. The individual also will be responsible for developing grant & contract proposals where appropriate to support the applied research and Extension efforts for the position. The successful candidate will be expected to cooperate with Agricultural Economics and other faculty, District Extension Administrators, County Extension Agents, Regional Program Leaders, and other specialists, as necessary in developing and delivering nationally recognized programs for Extension faculty and clientele. Travel in- and out-of-state is necessary to fulfill job responsibilities.

Qualifications: A PhD degree in Agricultural Economics, Economics, Business, Regional Planning, or closely related field required. Preference will be given to candidates with experience in extension, research, or similar work within industry and a demonstrated ability to communicate effectively, cooperate as a team member, lead applied research efforts, and demonstrate a willingness to be heavily involved in outreach education with constituency groups.

Headquarters: College Station, TX

Area Served: Statewide
