Graduating in December?

Friday, Oct 2nd is the last day to apply for degrees without a late fee.

---

**FREE TUTORING**

The Academic Success Center offers FREE tutoring for many major undergraduate classes. Here are some quick facts about our services:

- **We have three convenient locations!** No matter where you are on campus, you're close to a tutoring location. We are located on the 2nd floor of Evans Library (right outside the Writing Center), the Activity Center (Building A 1590) at White Creek Apartments, and in room 119 the Hullaballoo Learning Center.

- **Our hours are designed to fit your schedule.** We offer tutoring from 5pm to 9pm, Sunday through Thursday. See successcenter.tamu.edu for our full schedule.

- **The program covers many common undergraduate courses.** Whether you need help in BIOL 111, CHEM 102, PHYS 218, or ECON 203, we have someone who can help. We offer tutoring for courses in **BIOL, CHEM, ECON, HIST, MATH, PHYS, POLS, and PSYC.** See successcenter.tamu.edu for a full listing of when tutoring for each course is offered.

- **Our tutors are highly qualified.** All of our tutors have done well in the courses for which they tutor, and know how to guide you in the right direction.

Whether you are struggling or have the class down and just have a quick question, our tutors are there for you. Our full schedule can be found at successcenter.tamu.edu. We can't wait to see you at tutoring!

Contact any of the above individuals to set up a tutoring appointment. Please let them know the course, subject, and/or problems you are looking to have covered in the session. Keep in mind tutors are not allowed to cover classes they are currently a Teaching Assistant or Lecturer for. Cost is $20.00 per hour. Time and place will be determined by convenience of the tutor and individual.

**Is your club or organization in need of funding?**

**Monsanto Student Development Fund: Texas A&M University**

**Strengthening our partnership through the establishment of a Monsanto Student Development Fund**

- **Purpose of Fund:** Monsanto establishes an annually funded account ($10,000/year) to benefit and develop students pursuing careers in agriculture.
- **Distribution of Fund:** Student clubs and organizations can submit proposals twice per calendar year, once in the Fall Semester and once in the spring semester. The opportunity presented by the fund can be advertised through e-mail to club leaders and advisors. Funding will be determined by a committee consisting of at minimum two University representatives and one Monsanto representative. In order to be considered, a proposal should fit into one of the three categories:
  - **PROFESSIONAL DEVELOPMENT**
    - Example: Student(s) registration and travel to agriculturally-based conferences and events.
  - **AG-RELATED SPEAKERS/EDUCATION ON CAMPUS**
    - Example: Obtain speaker for Symposium, Club Meeting, or Classroom. Preference will be given to groups that publicize their event broadly to their university or community.
  - **AG AWARENESS/COMMUNITY OUTREACH**
    - Example: Funds may be used to support the trip of a club to broaden their understanding of the industry. Also to be used for community based projects like promoting agriculture in the classroom for K-12.

Criteria for proposal selection:

- Must be related to agriculture/agricultural careers
- Should demonstrate how the funds will be used to educate/develop current college students or provide students the opportunity to support their local community
Timeline: Students may apply for monies once during the fall semester and once during the spring semester. One application per organization per semester will be allowed with a maximum of $1,000. A call for proposals will go out at the beginning of each semester.

Accountability: A summary will be sent to Monsanto at the end of each semester to report how the monies were used.

To apply, click on the link to the online form: [http://goo.gl/forms/YVkzeyKcmX](http://goo.gl/forms/YVkzeyKcmX)

Applications due by Wednesday, September 30th with communication made to students regarding decisions on or by Friday, October 16th.
