

I work for Valbridge Property Advisors-Dallas. Our firm is trying to hire one candidate to become a commercial real estate appraiser. Our Dallas office is currently at the address shown below. Our target audience is someone with an interest in real estate investing/economics (typically will enjoy economics and Land Eco course), they must be driven, organized, self-sufficient, extrovert, and likely a Type-A personality. The job allows for complete flexibility being on 100% commission after an approximate one-year training time. Our culture is not of a large corporate firm, but a smaller office with co-workers opposed to having "bosses". Our atmosphere can be described as casual. This job will expose the candidate to real estate in various aspects. Over my seven-year career at Vabridge, I have appraised: funeral homes, the Texas/Mexico border wall, retail centers, industrial properties, large acre ranches, land, apartments, hotels, churches, and many other assets. Each day is different, the trainee will have the opportunity to learn from hundreds of real estate assets and be a vital part of the acquisition process for multi-million dollar transactions. The job allows for minimal travel, which may be day trips to distant properties. Most assignments are located within two hours of the Dallas/Fort Worth metroplex. In the past, we have hired graduates of the Ag. Eco department and the Masters of Real Estate department.

Please feel free to pass along my e-mail address and phone number. We are looking to hire as soon as possible.

Thank you for your time, have a blessed day.

Chris Knight
