

CAREER OPPORTUNITY

DATE: October 31, 2019
POSITION: VP Technology*
LOCATION: Lubbock, Texas
SALARY: Negotiable, depending upon experience.

**AgTexas, at its sole discretion, may offer this position with a different title based upon the qualification of the candidate.*

COMPANY PROFILE:

AgTexas Farm Credit Services serves approximately 2,500 borrowers in a 43 county trade territory. The association has an average volume of approximately \$2 billion. The loan portfolio consists of cotton, peanuts, livestock, dairy, feed grains, real estate and ag-related business loans. The association territory provides diversity in production and mortgage loans as well as commodities financed.

MINIMUM EDUCATION AND EXPERIENCE:

Bachelor's degree in Management Information Systems or a related field or equivalent experience plus four (4) or more years of experience in acquiring, maintaining, and deploying information technology systems and network infrastructure. Specialized knowledge of computer hardware, operating systems, and security. Ability to communicate technical information. Skill in problem identification, fact finding, research, analysis, and solution development. Ability to routinely travel to various Association locations.

JOB PURPOSE AND SCOPE:

Responsible for deploying information technology hardware and software systems for the Association. Has appreciable latitude for decision making.

- Coordinates planning and specifications for Association IT needs
- Coordinates with Farm Credit Bank of Texas on IT infrastructure and business system development.
- Assists in development, implementation, and enforcement of IT security procedures
- Works with Association employees in all areas of IT implementation including hardware, software, security standards, mobile devices, and customer support issues.

WORKING RELATIONSHIPS:

Frequent interaction with Association staff, management, and Farm Credit Bank of Texas staff. Acts as a liaison with the Farm Credit Bank of Texas for implementation of hardware and software systems for the Association. Works with vendors of hardware and software services.
