Economist. Join an innovative company that serves the sustainable agriculture sector. Mercaris provides rigorous data and analytics, and a cash market trading platform for agricultural commodities that are organic, non-GMO, or are otherwise identity-preserved. The Economist will be responsible for a wide range of data product development, writing and research as Mercaris continues to grow its coverage of new organic and non-GMO commodities and ingredients. Candidate should have 3+ years experience in planning and executing economic research, risk management and/or analysis relevant to commodity markets, as well as familiarity with the demands of a start-up company. Candidate must have a Masters in Economics, Agricultural Economics or Natural Resource Economics. Salary & Benefits: Mercaris offers a comprehensive compensation package, including salary, benefits and the potential for an equity stake in the company. Location: Washington, DC or Chicago, IL Contact: Send resume and cover letter to info@mercaris.com

Open Rank Professor, The Department of Agricultural Economics at the University of Nebraska-Lincoln is seeking candidates for a twelve month, tenured or tenure-leading faculty position with an appointment of 60 percent extension and 40 percent research. The position is one of a three-person cluster hire that will focus on production, marketing and risk management decision-making by commercial agriculture and agribusiness firms along with addressing issues in the public sector. Requirements include a PhD in Agricultural Economics or related field at the time of hire. To view the complete position details and apply for this position, go to the UNL Employment web site: <http://employment.unl.edu> . Search for requisition number F_160094 and click on "Apply to this job". Attach a letter of interest, curriculum vitae, transcripts, and contact information for three professional references. Review of applications will begin on May 1, 2017 and continue until the position is filled or the search is closed. For more information please contact the Search Committee Chair, Cory Walters, by calling 402.472.3401 or by email at cwalters7@unl.edu .

Associate/Full Professor, Agricultural and Food System Economics, Ohio State University, Department of Agricultural, Environmental, and Development Economics. Please see the position description for more information and application instructions which can be found at: <https://aede.osu.edu/news/aede-open-faculty-position>

Graduate Research Assistantship, Oklahoma State University. The Department of Agricultural Economics is seeking applicants for a graduate research assistantship in horticultural economics at the Ph.D. level. An applicant is expected to collaborate with a multidisciplinary team working to value the economic benefits of turfgrass cultivars with improved drought and shade resistance. The position is available starting from August 2017 for three years. The Ph.D. research assistantship in the Department of Agricultural Economics pays annual stipends (\$20,000) and includes a full tuition waiver and payment of a health insurance premium. Required qualifications include completion of a master's degree from an accredited institution; excellent written and oral communication skills; and quantitative skills in statistics or econometrics. To apply, or for more information, please contact Dr. Tracy Boyer (tracy.boyer@okstate.edu , or 405-744-6169) or Dr. Chanjin Chung (chanjin.chung@okstate.edu or 405-744-6164).
